+91 6301659982 | Pardhup531@gmail.com | linkdin | Rajahmundry, AP

SUMMARY

Product-driven builder and entrepreneur with a strong focus on applied AI, SaaS platforms, and front-end development. Proven track record of turning ideas into sustainable businesses, from launching tech platforms (**Middle Class Asmr**) to scaling operational startups (**DietBox JuiceBar**). Passionate about blending technology with business operations to create scalable, user-centric solutions. Highly skilled in AI-assisted development and rapid prototyping to accelerate product lifecycles.

EXPERIENCE

DietBox Juicebar

Founder & Operations Manager

May 2024 – Present

Rajahmundry, AP

- Launched and operated a cloud kitchen business from concept to execution, managing daily operations, vendor relationships, and end-to-end customer experience.
- Handled P&L management, pricing strategy, and inventory control, successfully maintaining healthy unit economics and 25% profit margins.
- Gained practical entrepreneurship experience in hiring, training staff, and managing cash flow in a highly competitive market.

PROJECTS & ACHIEVEMENTS

Quantum State Visualizer | Designer

AQVH 2025

- Built an interactive quantum visualization platform to analyze and display single-qubit states using partial trace methods.
- Simplified multi-qubit state analysis through dynamic Bloch sphere visualization, bridging theoretical quantum computing and interactive learning.
- Award:** AQVH 2025 Semi-Final Runner-Up.

WebSaga Hackathon Winner | Full-Stack Developer

STEPSTONE 2026

- Participated in and secured **1st Place** at the overnight 14-hour WebSaga Hackathon held at GMRIT, Rajam.
- Demonstrated rapid product development, teamwork, and technical execution under strict time constraints.

BrandForge AI | AI Product Developer

2024

- Designed and built an intelligent digital solution leveraging AI tools to accelerate brand creation for beginners.
- Managed the entire product lifecycle from ideation and prototyping to deployment with a strong focus on user experience and automation.

EDUCATION

BVC College of Engineering

Bachelor of Technology (B.Tech)
